

# THE RIVER HOUSE

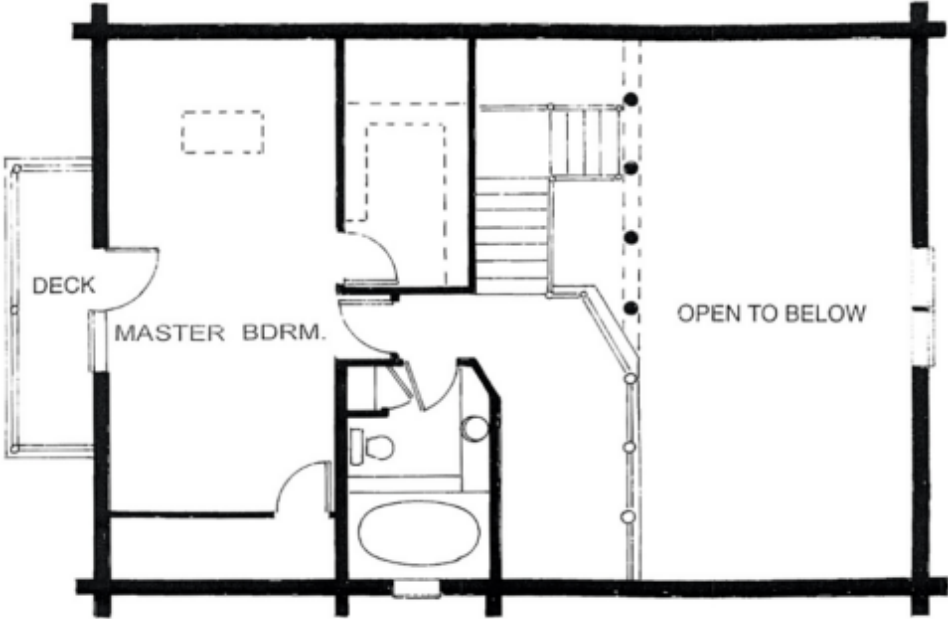

This is one of the most popular homes ever. Its convenient floorplan allows ease of living...not too big or too small. With a walkout basement and large deck around the main floor, this house brings the outside in. Besides the greatroom and kitchen, there are two cozy bedrooms, laundry and a radiant sunroom on the main floor. In the loft you'll find the private master suite with its own private deck.

TOTAL LIVING AREA: 1,890 SQUARE FEET + UNFINISHED LOWER LEVEL
